Dear Archie,

I would like to tell you about my hobby. I raise tropical fish.

At home I have three aquariums, two are 20 gallons and one is 14 gallons. In one tank I keep the large fish and in the other small fish. The third is kept for breeding.

One of my favorite fish is a common one–the Guppy. I know that most tropical fish lovers agree, the Guppy is the most playful fish around. People love to watch them dart around, chasing each other back and forth, diving up and down with swift, graceful movements.

The male of this small fish is brilliantly colored. Almost all the colors of the rainbow and more!! The females are not as beautiful. They are dull in color, but just as playful as the males. The females grow about twice the size of the males in most kinds.

Guppies live in room temperature or heated water. The young are born alive, something very different from most fish who are egg-layers.

I enjoy this hobby and hope you have liked this report.

Dear Archie,

In your 203rd issue of Archie comic book, a girl wrote and I quote, "I have (believe it or not) 9 cats." Well, I think that I can pass that fairly well. I have (believe it or not) 13 cats. I love cats and when I lived in Quantico, Virginia when I was little, I had ten cats. When we moved to Detroit, Michigan, however, I could only have one kitten because we lived on a busy main highway. Two years ago, we moved to Uvalde, Texas. Over this period of time, I have accumulated thirteen different cats.

Eight boys and five girls. Here are their names according to the age of each cat. Carolina, Calidonia II, Quincy, Rastus, Marilyn, Herman, Pierpont, Reggie, Big Moose, Veronica, Betty, and Archie and Jughead. I love everyone of them and also my puppy, Grindyl. Thank you Archie, for the years of pleasure that you have brought to me, through your fantastically, fantastic comic books.
